

KIDNEYWEEK²⁰¹⁷ Nursing Content

Release Date: 6/1/2018

Kidney Week provides exciting and challenging opportunities to exchange knowledge, learn the latest scientific and medical advances, and listen to engaging and provocative discussions with leading experts in the field. This educational product provides approximately 17 hours of select content that is applicable to nurses, advanced practitioners, and physicians.

Learning Objectives

At the conclusion of this activity, the participant will be able to:

- Identify recent discoveries in clinical research in nephrology.
- Construct new research questions based on updated scientific and clinical advances in nephrology.
- Translate recent advances in the areas of general nephrology, dialysis, transplantation, and hypertension into new standards and approaches to clinical care of patients with kidney diseases and related disorders.
- Discuss sociological and regulatory issues that affect the care and treatment of patients with kidney diseases and related disorders.

Target Audience

- Nurses
- Advanced Practitioners
- Physicians

Please note that CE credits will not be awarded for this activity.

Estimated Time for Completion

17 hours

Medium or Combination of Media Used

Faculty

Lawrence Agodoa, MD, National Institutes of Health
Ziyad Al-Aly, MD, FASN, VA Saint Louis Health Care System
Patrick Archdeacon, MD, US Food and Drug Administration
Roy D. Bloom, MD, University of Pennsylvania
Emily Blumberg, MD, Hospital of the University of Pennsylvania
Erwin P. Bottinger, MD, Hasso Plattner Institute
Cynthia F. Corbett, PhD, RN, University of South Carolina
Deidra C. Crews, MD, MS, FASN, Johns Hopkins University School of Medicine
Sara N. Davison, MD, University of Alberta
Clarissa Jonas Diamantidis, MD, MS, Duke University School of Medicine
Stephen Z. Fadem, MD, FASN, Kidney Associates, PLLC
Richard Nicholas Formica, MD, Yale School of Medicine
Barry Freedman, PhD, Wake Forest School of Medicine
Crystal A. Gadegbeku, MD, Temple University
Raquel C. Greer, MD, Johns Hopkins Medical Institutions
Orlando M. Gutierrez, MD, UAB School of Medicine
Adriana Hung, MD, MPH, Vanderbilt University
Sarbjit Vanita Jassal, MD, PhD, University Health Network
Kirsten L. Johansen, MD, University of California, San Francisco
Doug Johnson, MD, Dialysis Clinic, Inc.

Michelle A. Josephson, MDhD, PharmD, RPh, FASN, Fresenius Medical Care North America
Melanie S. Joy, MD, PhD, PharmD, RPh, FASN, University of Colorado Anschutz Medical Campus
Jeffrey B. Kopp, MD, FASN, National Institute of Diabetes and Digestive and Kidney Diseases, National Institute of Health
Keren Ladin, MS, PhD, Tufts University
Nicolae Leca, MD, FASN, University of Washington
Roslyn B. Mannon, MD, FASN, University of Alabama at Birmingham
Rajnish Mehrotra, MD, MBBS, FASN, University of Washington
Rachel Meyer, ASN
Mahasin S. Mujahid, PhD, MS, University of California, Berkeley School of Public Health
Kenneth A. Newell, MD, PhD, Emory University School of Medicine
Duc B. Nguyen, MD, Centers for Disease Control and Prevention
Bill Numbers, Fresenius Medical Care North America
Ann M. O'Hare, MD, VA Puget Sound Health Care System
Rachel E. Patzer, PhD, MPH, Emory Transplant Center
Ann Peters, MD, Keck School of Medicine
Laura Plantinga, PhD, Emory University
Connie Rhee, MD, MD, University of California Irvine
Darlene Rodgers, CNN, RN, CPHQ, American Society of Nephrology
Milagros D. Samaniego-Picota, MD, FASN, University of Michigan Medical School
Rajiv Saran, MBBS, MD, MS, University of Michigan
B. Peter Emile Sawaya, MD, FASN, University of Kentucky Medical Center
Diedre Sawinski, MD, University of Pennsylvania
Jesse D. Schold, PhD, Cleveland Clinic
Wendy L. St. Peter, MD, PharmD, FASN, University of Minnesota
Robert Stanton, MD, Joslin Diabetes Center
Manikkam Suthanthiran, MD, FASN, Weill Cornell Medical College
James E. Tattersall, MBBS, MD, Leeds Teaching Hospitals
Flavio Vincenti, MD, University of California San Francisco
Daniel E. Weiner, MD, FASN, Tufts Medical Center
John White, MD, PA-C, PharmD, Washington State University College of Pharmacy

Faculty, Planner, and Staff Disclosure

It is the policy of American Society of Nephrology (ASN) that all individuals in a position to control the content of ASN's sponsored CME activities are expected to provide full disclosure for both themselves and their spouse/partner, and to indicate to the activity audience any financial or other relationship held by themselves or their spouse/partner 1) with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial service(s) discussed in an educational presentation; and 2) with any commercial supporter(s) of the activity. All responses should reflect activities within the previous 12 months. This disclosure information is collected in accordance with Accreditation Council for Continuing Medical Education (ACCME). Furthermore, ASN requires all faculty to disclose at the time of their lecture any planned discussion of investigational and/or off-label use of pharmaceutical products or devices within their presentation. Participants should note that the use of products outside U.S. Food and Drug Administration (FDA) approved labeling should be considered experimental and are advised to consult current prescribing information for approval indications.

The intent of this policy is not to prevent expert faculty with relevant relationship(s) with commercial interest(s) from involvement in Continuing Medical Education (CME), but rather to ensure that ASN CME activities promote quality and safety, are effective in improving medical practice, are based on valid content, and are independent of control from commercial interests and free of commercial bias. In addition, all faculty members were instructed to provide balanced, scientifically rigorous, and evidence- based presentations.

ASN requires all individuals in a position to control content for this activity to complete disclosure forms on the ASN website. Responses are listed below.

Disclosures

ASN requires all individuals in a position to control content for this activity to complete disclosure forms on the ASN website. Responses are listed online at https://www.asn-online.org/education/kidneyweek/2017/KW17_Disclosures.pdf.

Commercial Support

Kidney Week On-Demand 2017 was supported by: *Alexion Pharmaceuticals, Inc., Keryx Biopharmaceuticals, Inc., Reata Pharmaceuticals, and Relypsa, Inc., a Vifor Pharma Company.*

Support for sessions in this educational product was provided by educational grants from *Astra Zenaca, Merck.*

Hardware/Software Requirements

Computers: Electronic devices running Windows and Mac OS machines are supported.

System Requirements:**Mobile Viewing Requirements**

Android Devices	Android 2.3+ with Adobe Install Flash Player	Flash Player 10.2 or better installed
Apple Devices	iOS 4+	

Online Viewing Requirements

Bandwidth	512kbps
Required Hardware and Software	Screen resolution of 1024X768 or larger Sound card and speakers/headphones
Browser	Microsoft Internet Explorer 7.0 or better Mozilla Firefox 4 or better Safari 5 or better
Windows	Operating System: Windows 8; Windows Vista; Windows XP Service Pack 2 or 3 X86 or x64 (Browsers must be in 32-bit mode) 1.6-gigahertz (GHz) or higher processor 512MB of RAM
Mac OS	Operating System: Apple Mac OS X 10.4.8 or above Intel Core™ Duo 1.83GHz or faster processor 512MB of RAM

Please be sure you are able to play MP3s on your computer.
